

# BUILD AN INVINCIBLE TEAM WITH **APPLIED IMPROV TRAINING**

## HOW IT WORKS

What does it *truly* mean to think outside of the box? To question the status quo? It's probably not another hour, webinar in the dark, or trust fall exercise.

The best improvisors work seamlessly with their team. The audience is often struck by how the team seems to read each others' minds and completely support each other. No one seems worried when things go wrong - often, the audience can't even tell that something isn't perfect. It's not an accident. It's by design, and we apply those same skills to your company - we call it "Applied Improvisation."

Improvisation is not "winging it." It's a highly-refined system of observing, connecting and responding. Our applied improv trainings and workshops speak to your team's specific pain points and needs while creating an inclusive, learn-by-doing environment.

## WHO IT'S FOR

Applied Improvisation training is ideal for teams who want to grow, innovate and maintain agility in today's rapidly evolving, competitive landscape. From on-boarding new leadership and team members, to refreshing veteran teams, we've brought energy + fun to:

- Team quarterly kickoffs
- Professional Development and Teambuilding days
- Annual big picture/strategy meetings
- That one thing you did last year that you need to go better this year...

## WHY CSZ BOSTON?

*"Everyone had a blast and agreed it **surpassed expectation,**"*

**Michael Guerra,  
Telerik by Progress**

*"**The session was considered as the pinnacle of all the presentations, workshops, and professional speakers that spanned our two day offsite meeting. I've received countless compliments from my co-workers for finding your group for our meeting!**"*

**BJ Rosario,  
Summit Healthcare**

*Learn the improvisational mindset to attack problems with a fresh approach.*

## CRUCIAL SKILL SETS THAT GROW TEAMS

Connecting our actions to impact

Making others look good  
and feel valued

Thinking fast

Listening with focus

Letting go of preconceived  
roles and roadblocks

Sharing mistakes - and  
shaking them off

Honoring and building on our  
teammates' contributions and ideas

Finding where we're needed  
without direction

Committing to the goal

Laughing together

Celebrating our team  
accomplishments

### BUILD YOUR UNSHAKEABLE TEAM

Tell us about your team's goals and struggles. We'll get back to you ASAP with strategic recommendations and pricing.
